### Description:

Hide in plain sight with IMPACT™'s new three wire GHOST II™ kit, with only two wires.

The included mini wireless PTT is waterproof, about the size of a quarter and includes a Velcro strap to secure it to your finger, clothing, steering wheel or handle bars.

Now use a three wire, even while wearing short sleeves. The micro, ultra-sensitive electret condenser mic with lapel pin can be hidden inside a collar.

Includes a 3.5mm female connection so the user can insert their own stereo headset. The bad guys think you're just another dude listening to his tunes, when really, you're on the job.
