CAROUSEL PRO SERVER 410

WEB ENABLED MULTI-CHANNEL DIGITAL SIGNAGE

Tightrope brings the same ease of use, capability and affordable pricing to enterprise installations. The Carousel Pro Server can control up to 300 Carousel Players for up to 300 different channels of dynamic digital signage. It can be programmed from any location with an internet connection, and includes a data integration feature for linking to business systems.

WHY USE THE PRO SERVER 410?

- **NEW!** Connect up to 300 Carousel Players to a single Pro Server.
- **NEW!** Hot swappable Enterprise Hard Drives for a total of 1TB RAID 1 storage.
- Redundant power.
- Reduces communications costs by eliminating traditional production, distribution and installation of signs and schedules.
- Manage all of your signs from a single location from any web browser.
- In case of an emergency, you can override the system with Alert Messages. Manage these alerts with multiple levels of authorization.
- Push RSS feeds, web cams, video, Adobe® Flash® and images for dynamically rich content.**

KEY FEATURES

- Windows® Server 2008 R2 for enhanced security and reliability
- Sliding rack rails for easy access
- Robust design for multi-channel / multi-branding installations
- Remote Data Adapter (RDA) for XML input from third-party data systems
- Interface with popular Event Management Systems (EMS) such as Dean Evans and Resource 25*

* Optional plug-in and/or hardware required
** Carousel Player Required
