

ROADRECORDER® 7000 SERIES RECORDERS AXIS® P39-R SERIES CAMERAS

RoadRecorder® 7000

With Patented SafeStor™ HDD technology and Up To 12 PoE Cameras

RoadRecorder® 7000S

SSD & SD card and up to 12 PoE Cameras

RoadRecorder® 7006

SSD and up to 6 PoE Cameras

RoadRecorder 7000 NVR

The RoadRecorder® 7000 network video recorder (NVR) ushers in a new era in mobile video surveillance with 12 Power over Ethernet (PoE) ports for crystal clear, high definition imaging directly from IP cameras. The NVR ensures reliable recording and long-term on-board storage with the industry first SafeStor technology. Combined with multiple serial interfaces and ethernet ports, the RoadRecorder 7000 NVR is the recording & communications platform you can count on now and in the future.

- Convenient rack-mount solution
- SafeStor technology provides data security
- Connect up to 12 IP cameras

RoadRecorder 7000S NVR

The RoadRecorder 7000S network video recorder provides the same next generation mobile surveillance technology as the original 7000, but records directly to a reliable solid-state hard drive (SSD) to enhance connectivity with a wireless central management system.

- Convenient rack-mount solution
- Records directly to reliable SSD for enhanced connectivity
- Connect up to 12 IP cameras

RoadRecorder 7006 NVR

The RoadRecorder 7006 NVR provides the advanced recording technology and connectivity of the RoadRecorder 7000 series in a rugged, compact design that can mounted in small spaces or where a rack-mount solution is not practical.

- Rugged compact enclosure
- Records directly to reliable SSD for enhanced connectivity
- Connect up to 6 IP cameras

AXIS P39-R SERIES CAMERA
High Definition Mobile IP Camera

The P39-R series are the third generation high definition mobile IP cameras from Axis® and provide greatly improved image quality compared to previous models. Rugged and compact, the IP-67-rated enclosure is designed to withstand the tough environmental conditions in the mobile environment. The P39-R series cameras are easily installed utilizing a single cable, Power over Ethernet (PoE) connection and integrate seamlessly with Safety Vision's advanced RoadRecorder® 7000 Series Network Video Recorders.
